### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Trecartin on 8/18/05.

The application has been amended as follows:

In claim 3, please insert the following phrase before the period:

--- wherein said recombinant nucleic acid is capable of detecting by hybridization a nucleic acid sequence selected from the group of SEQ ID Nos: 8, 10, 12, 14 or 16 from *Haemophilus influenzae* ----.

2. The following is an examiner's statement of reasons for allowance:

The recombinant nucleic acid sequences claimed in instant claim 3 possess the function of being able to detect the presence of *Haemophilus influenzae* in a hybridization assay. The recombinant nucleic acids detect the presence of the SEQ ID Nos: 8, 10, 12, 14 or 16 which encode *Haemophilus* adhesion proteins thereby detecting the presence of the microorganism. It is well known in the prior art that the nucleic acid sequences of conserved proteins can be used as reagents to successfully detect the microorganism from which they originate. Support for the limitation is found throughout the specification, particularly at page 6, line 30- page 7, line 4 and page 10, line 30- page 11, line 6.

Art Unit: 1645

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
